## **City of San Francisco calls upon RHDG**

The City of San Francisco has teamed with Riezebos Holzbaur Design Group (RHDG) for design and publishing expertise.

The San Francisco Mayor's Office approved a proposal submitted by RHDG, awarding the firm a one-year contract. RHDG will be responsible for both 2008 editions of the high-profile Mayor's Book, including design, production, editorial services, and coordination with the printer.

The Mayor's Book is a yearly publication that reviews the city's budget. The book comes out in two editions, both of which RHDG will produce.

RHDG is thrilled to work with San Francisco and the Mayor's Office on this prestigious project.
