## **SFPUC awards marketing, advertising, outreach contract to RHDG for CleanPowerSF**

*March 2010*

The SFPUC has selected the services of RHDG to assist with marketing, advertising, education, and outreach services for the City's Community Choice Aggregation Program CleanPowerSF.

The San Francisco Public Utilities Commission (SFPUC) is a department of the City and County of San Francisco, providing water, wastewater, and municipal power services to San Francisco. For nearly a century, the SFPUC has provided clean, reliable hydropower for vital City facilities and public services, including San Francisco General Hospital, San Francisco International Airport, the Muni streetcars and buses, City streetlights, and public schools. CleanPowerSF will build on the City's long history and expertise in generating and procuring reliable, renewable energy resources upon which all residents, businesses, and visitors depend every day.

RHDG is honored to be selected by the SFPUC for marketing services for CleanPowerSF.
